1**GUIDA
INFERIORE
LOWER
RUNNER**

Avvitare la guida nella base del mobile rispettando le distanze come da disegno.
Screw the runner into the base of the cabinet, observing the distances indicated in the drawing.

E' consigliato per evitare la flessibilità della base del mobile l'uso di un piedino centrale (P).

We recommend a small central foot (P) is fitted in order to maintain the stability of the cabinet base.

2**POSIZIONE
TELAIO
FRAME
POSITION**

Inserire il telaio sulla guida.
Fit the frame to the runner.

**3****GUIDA
SUPERIORE
UPPER
RUNNER**

Allungare il telaio fino al raggiungimento della parte superiore del mobile, avvitandolo con le viti in dotazione. Rispettare le distanze del disegno e serrare i grani.

Extend the frame until it reaches the upper part of the cabinet: fix it in place using the screws supplied with the kit. Observe the distances indicated in the diagram and tighten the dowels.

**4****ATTACCO PISTONE
PISTON ATTACHMENT**

Agganciare l'estremità del pistone al supporto (come disegno).

Fix the end of the piston onto the support (as shown in the diagram).

5 STAFFE TELAIO PORTA FRAME DOOR BRACKETS

Posizionare la staffa (A) nel telaio e bloccare con le apposite viti. Posizionare la staffa (B) alla porta del mobile e avvitare con le viti in dotazione, rispettando le quote. Per il telaio dell' art. 815B (1190/1700) e l'art. 815M (900/1200) montare solo due staffe (1 e 2).

Position bracket (A) inside the frame and fix it in place using the appropriate screws. Fit bracket (B) to the door and screw it in place using the screws supplied with the kit, observing the distances. Use only 2 brackets (1 and 2) for frame item 815B (1190/1700) and item 815M (900/1200).

6 REGOLAZIONE PORTA DOOR ADJUSTMENT

Per regolare la posizione della porta nelle varie direzioni agire sulle viti come da disegni.
To adjust the position of the door in various directions, use the screws as shown in the drawings

Bloccaggio con viti
Fixing in place using screws

7

COPERTURA COVER

Posizionare la copertura sopra alla struttura.
Position the cover above the structure.

8 FERMA-CESTELLI BASKET LOCK

Inserire il supporto (B) nel telaio, posizionare il cestello sopra al supporto (B) e fissarlo con il blocco (A).
Fit support (B) into the frame, position the basket above the support (B) and fix it in place using block (A).

ATTENZIONE CAUTION

Il cesto sagomato va posizionato in basso.
The specially-shaped basket should be positioned at the bottom.

Nella necessità dello smontaggio dei cestelli fare leva con un utensile nelle apposite feritoie del supporto (A). Effettuare l'operazione partendo dalla feritoia inferiore.
If you have to disassemble the baskets, use a tool as a lever in the relevant slits on support (A). When performing this procedure, begin with the lowest slit.
