

**MC-10** Metal Clip Set MC-F10 & MC-M5 - 10kg

**SPECIFICATIONS:**

**METAL MC RANGE**

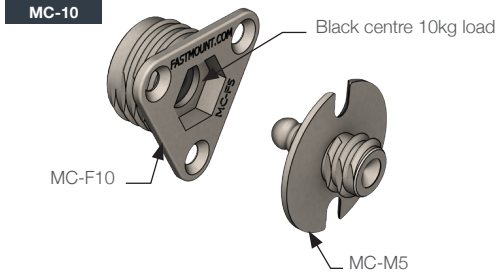

The MC-10 clip set is a combination of the MC-F10 (identified by black centre) and MC-M5 clips. The MC-F10 self taps and/or screw fixes into the substrate, and the MC-M5 self taps into the back of the panel. Innately fire resistant and ideal for heavy load bearing. Refer to Panel Offset Guide for gap between substrate and panel, pull out and shear loads. Note: For use with wall panels only, not suitable for ceiling panel installation.

**BENEFITS**

- Metal clip to withstand high temperatures
- Allows for tolerance and panel flex (self centering)
- Provides acoustic and vibration isolation
- 10kg pull out load
- Self tapping and screw fit mounting options

**APPLICATIONS**

- Suitable for mounting up to 40kg per m<sup>2</sup>
- Fire rated panels
- Panels in fire egress paths
- Suitable for wall panels only
- Mounting of curved panels
- Install into a variety of substrates

**MATERIAL:**  
EZDA 3 triple plated, SS spring
